Welcome & Setting the scene

SSP & Public Health – An Overview

- **Autumn 2014:** NHS CEs Group identified Shared Services as a key enabler of quality, safe and financially sustainable healthcare services
- **January 2015:** NSS tasked by the Chief Executives with establishing a portfolio approach to drive Shared Services forward
- **July 2015:** NHS Shared Services Portfolio Board established
 - Public Health was included in the health portfolio – but agreed to put it on hold till ‘Public Health Review (PHR)’ got published.
- **February 2016:** PHR published
- **March 2016:** SSP (Public Health) work started with support of ScotPHN & Shared Services Programme Office (SSPO)
- **Jun 2016 onwards:** Questionnaires, Workshops, Stakeholder engagement activities, Identifying priorities and developing business cases for CEs Group

Background:

- PHR sets out vision for future provision of public health in Scotland
- SSP-PH focus on function(s) delivery within PH domains
- PH Domains
 - health protection
 - Health Service Quality and Effectiveness
 - health improvement
 - health intelligence

Aims & Principle

- Aim to improve effectiveness, quality, efficiency and the sustainability of PH functions - nationally, regionally or locally
- Developed on a 'Best for Scotland' basis rather just 'once for Scotland' basis
- Create 'Initial Agreement' for developing business cases – *in collaboration with SSPO for CEs consideration*

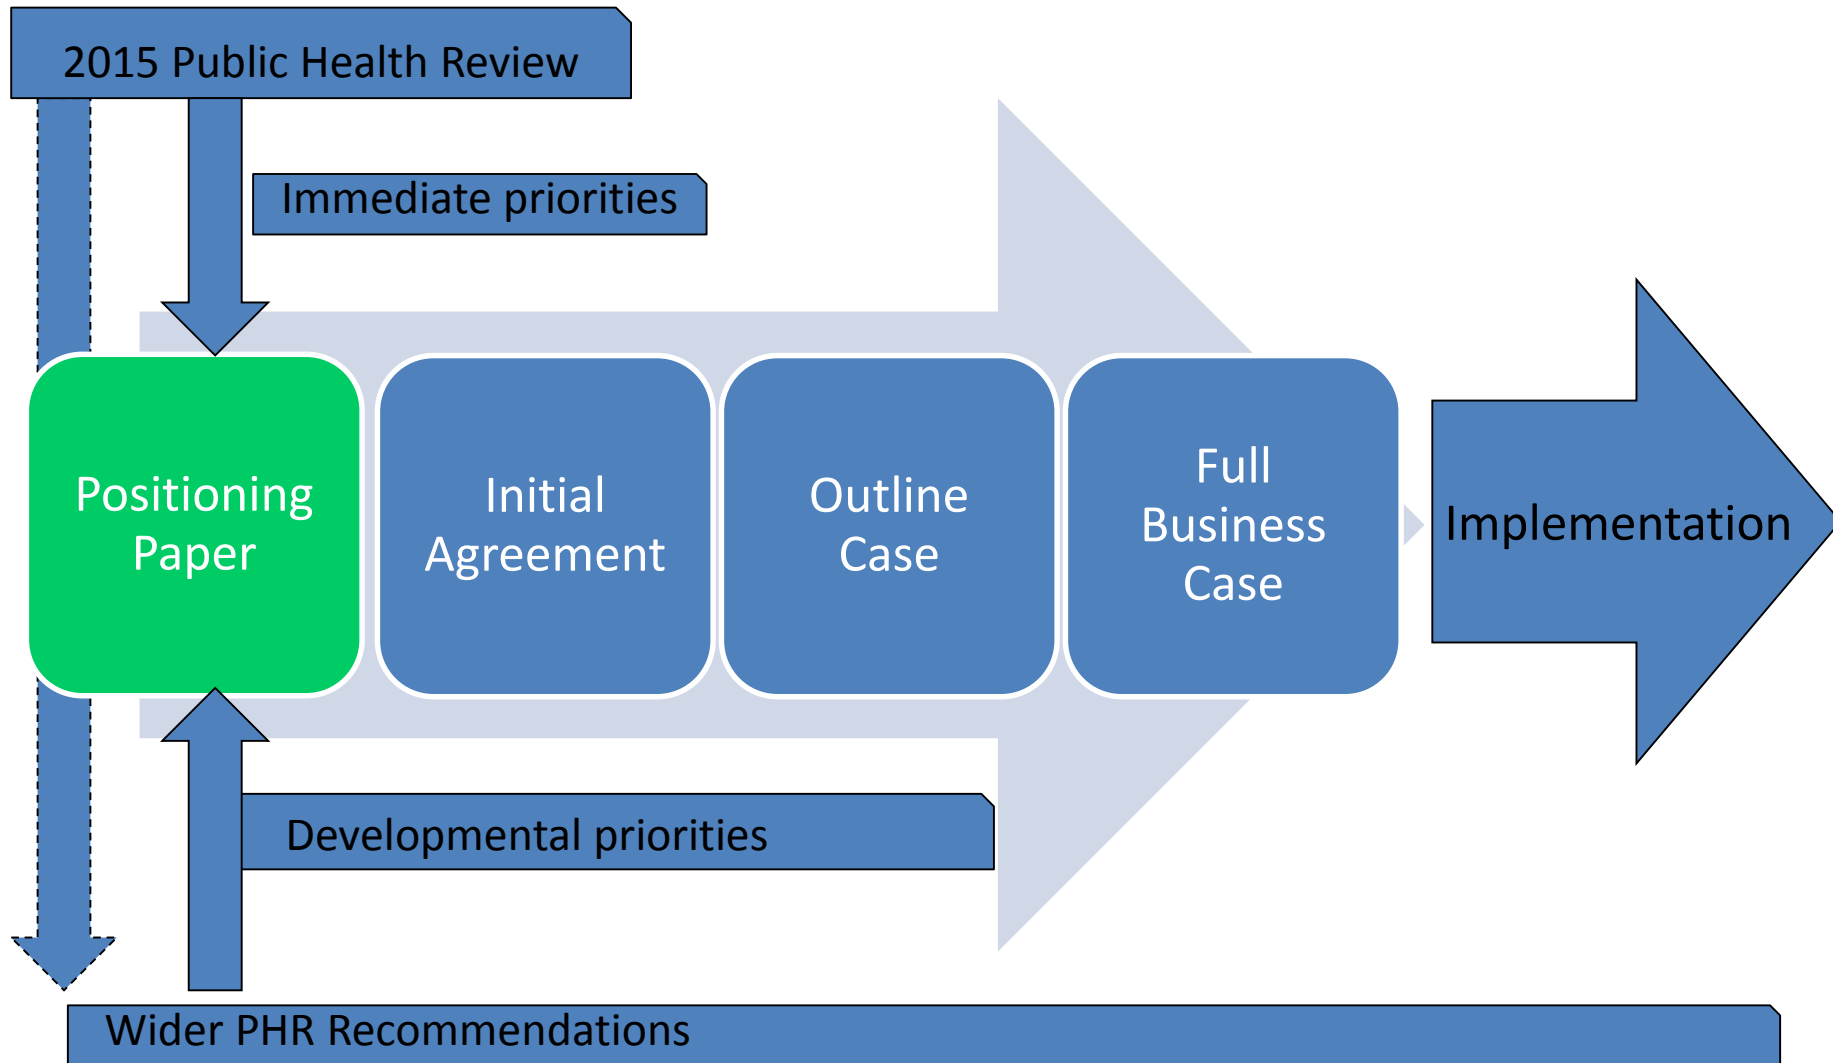

Approach & Goal

- Identifying options for more effective, efficient and sustainable ***planning, co-ordination,*** and ***delivery*** of functions, across all four PH Domains;
- Building on PHR, undertaking a programme of engagement with stakeholders; (1) PH Service groups (2) Wider PH agencies (3) DsPH
- Identify areas for consideration for both
 - immediate/preliminary as well as developmental/wider priorities

Process & Engagement:

- Establishing **Professional Advisory Group (PAG)** representing 4 domains
- **Questionnaire 1** – Preliminary list – NHS and non-NHS responses received and analysed
- **Responses from PHR** – analysis on function content
- **Questionnaire 2** – Ideas for wider development – Deadline for return 12 August 2016
- **PAG Workshop** – 21 July
- **Stakeholder engagement event** - 24 August 16

Summing Up & Next Steps

Mahmood Adil

Summing Up

- You are the key group of experts to shape the SSP (Public Health) – Thank you
- Workshop provided us with an opportunity and challenge to :
 - Acknowledge that PH is different than other shared services as it functions both within and outside the NHS (wider stakeholders)
 - Be ambitious
 - Think about strategic change rather just marginal change (how to do things differently)

Summing Up

- PHR set the context at the time of biggest public reforms
- SSP (PH) – seizing the moment to come up with innovative and wider propositions
- SG is receptive to learn from our collective thinking – irrespective of resources constrains
 - Establishing PH priorities/strategy
 - Thinking long term
- Scope for considering new sustainable models of delivery with wider partners (e.g. local government/3rd sector) and enhanced workforce

Next Steps

Building consensus and evidence:

- Q1 +Q2 + PHR (document on functions)
- Stakeholder event (24th August)
 - Your valuable input to the three workshops (will be collated)
 - SSP - Public Health (CEs position paper)
 - Our (PH community) messages back to NHS CEs
 - Early priorities
 - Building wider public health proposition
 - Working with SG colleagues to support in their ambitions on PHR and priorities

Next Steps

- Five work streams – up and running soon (based on current operational groups or establishing new group)
- Mapping current services provision
- Keep the momentum going with your valuable input in the near future

Thank you

- Each one of you for your time and valuable input
